

USER MANUAL - REPTI TIMER PRO

EN V1.0

REPTILES-PLANET.COM

PROFESSIONAL REPTILES PRODUCTS

Please read this manual carefully before use.

Thank you for choosing the Repti Timer Pro from Reptiles-Planet.

We appreciate your trust. This product has been designed to help you easily and precisely program your electrical devices to reproduce natural cycles for your reptiles or to automate lighting and misting.

Please read this manual carefully before first use to ensure optimal and safe operation.

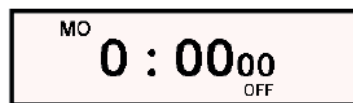

1. Connecting the device

- Plug your Repti Timer Pro into a 230 V (50 Hz, AC) power outlet.

2. Device reset (RESET)

To turn on the display, the device must be reset:

- Press the small button on the right, marked **R**, using a pen tip.
- Wait until the screen shows:

3. Setting the time

a. Setting the day of the week

1. Hold **CLOCK** while pressing **WEEK**.
2. Each short press on **WEEK** scrolls through the 7 days:
 - MO = Monday
 - TU = Tuesday
 - WE = Wednesday
 - TH = Thursday
 - FR = Friday
 - SA = Saturday
 - SU = Sunday
3. The selected day is displayed permanently at the top of the screen. No validation is required.

b. Setting hours, minutes, and seconds

1. Hold **CLOCK** and press:
 - **HOUR** to set the hour
 - **MIN** to set the minutes
 - **SEC** to set the seconds
2. Briefly press to scroll through values.

Once completed, your Repti Timer Pro displays the correct time and is ready for scheduling device operation.

4. Programming the timer

You can set up to 8 programs. Each program includes:

- A start time (**ON**) that turns the device on
- An end time (**OFF**) that turns the device off

a. Creating an ON program

1. Briefly press **SETUP**. The screen shows: **1 ON**
2. You are creating program #1. **ON** indicates the device will turn on at the set time.

b. Selecting active days

1. Briefly press **WEEK**. All 7 days appear: by default, the program is active every day.
2. Multiple presses allow selecting different combinations:
 - Single day: MO, TU, WE, TH, FR, SA, SU
 - Week + Saturday: MO, TU, WE, TH, FR, SA
 - Monday, Wednesday, Friday: MO, WE, FR
 - Weekend: SA, SU
 - Monday, Tuesday, Wednesday: MO, TU, WE
 - Tuesday, Thursday, Saturday: TU, TH, SA
 - Thursday, Friday, Saturday: TH, FR, SA

Usage example:

- For a misting system: program short regular sprays and a longer “shower” every 2–3 days.
- For lighting: create schedules adapted to your work, even irregular ones.

c. Setting the OFF time

1. Press **SETUP**. The screen shows: **1 OFF**
2. Repeat the procedure to set the hours, minutes, and seconds for switching off.

d. Creating additional programs

1. After validation, the screen automatically proposes creating program #2 (**2 ON**) and so on up to 8 programs.
2. To create only one program, return to the current time display by pressing **CLOCK**.

5. Product warranty

The Repti Timer Pro has a 2-year warranty from the purchase date.
It covers any manufacturing or material defects.

Not covered:

- Damage caused by incorrect use or non-compliance with the manual
- Shocks, drops, or alterations
- Normal wear of components

For service or warranty claims, keep your proof of purchase and contact our customer service.
